Shetland Boat Week 2017

Programme
of Events

With Thanks

Shetland Boat Week would not be possible without the financial support of our sponsors. Ocean Kinetics, Lerwick Port Authority and Serco NorthLink Ferries. All three organisations are prominent within their industry and highly supportive of the local community, making them perfect sponsors for Shetland Boat Week.

Shetland Amenity Trust, along with Shetland Museum and Archives are the lead organisers and promoters of this event.

Ocean Kinetics is at the forefront of engineering, with an extensive track record in fabrication, oil and gas, renewables, fishing and aquaculture, marine works and marine salvage.

www.oceankinetics.co.uk

Serco NorthLink Ferries operate the lifeline ferry service between Shetland and the Scottish Mainland on a daily basis and support many local community teams and events.

www.northlinkferries.co.uk

Lerwick Port Authority manage Lerwick Harbour, the principal commercial port for Shetland and a key component in the islands' economy. Lerwick Harbour is Britain's "Top Port".

www.lerwick-harbour.co.uk

Shetland Amenity Trust strives to protect, enhance and promote everything that is distinctive about Shetland's heritage and culture.

www.shetlandamenity.org

Shetland Museum and Archives is a hub of discovery into Shetland's history and it's unique heritage and culture with an award winning dockside location.

www.shetlandmuseumandarchives.org.uk

 www.facebook.com/shetlandboatweek

Welcome to Shetland Boat Week 2017

Many generations of Shetlanders have made their living on or around the sea and the links with maritime and related marine industries are as important today as they always have been.

Shetland Boat Week is an opportunity to showcase this heritage and see how modern ships and maritime industries compare with those of a previous generation.

This is a family friendly event, enabling access to a whole range of activities, which will include demonstrations and teaching of traditional skills, talks, boat trips and tours of vessels and venues not normally open to the public.

Full details of events are included in this programme and tickets can be purchased, where required, at www.thelittleboxoffice.com/sat Many events are free and no booking is required. Follow Shetland Boat Week on Facebook or check the website for updates and new events being added - www.facebook.com/shetlandboatweek

Exhibitions and displays

Traditional Boat Display

The core display of traditional boats has extended to an additional location this year, with boats also on display at the NAFC Marine Centre in Scalloway, as well as Hay's Dock in Lerwick. There will be a range of traditional built Shetland model boats on display with information boards giving the history of each. Among the boats which are artefacts in the Shetland Museum and Archives collection, there are also a wide range of privately owned boats, loaned for display by their owners.

Mon 7th to Sun 13th August

Hay's Dock: All day

NAFC Marine Centre: 9am - 5pm Mon to Fri

Event provider Shetland Museum and Archives

Location SMAA, NAFC Marine Centre

Cost N/A

Fishing Boats in Shetland: from sixareens to pelagic trawlers. By Dr Ian Napier (NAFC Marine Centre UHI)

This is the story of how (and why) Shetland fishermen progressed from small open boats to large modern fishing boats in just a few generations.

Mon 7th August

7pm

Event provider Shetland Boat Week

Location SMAA Auditorium

Booking Yes **Spaces** 110

Cost £3.50

Round the Coast - an illustrated lecture by Charlie Simpson

Charlie Simpson undertook seabed surveys of Shetland salmon farms from 1989 to 1996, in a handy-sized boat able to get into all the holes and corners of Shetland's wild and wonderful coast. He took hundreds of photographs during this period and a selection of these will form the basis of this talk – basically a sea level tour of Shetland.

Mon 7th August

2pm

Event provider Shetland Boat Week

Location SMAA Auditorium

Booking Yes **Spaces** 110

Cost £3.50

Restoration of the Oceanic Lifeboat: a talk by Dr Ian Tait

Shetland Museum curator, Dr Ian Tait, explains how a lifeboat from H.M.S. Oceanic survived peace and war, before being restored. Lifeboat 6 is the largest surviving artefact from the liner that was once the biggest ship in the world.

Tue 8th August

2pm

Event provider Shetland Boat Week

Location SMAA Auditorium

Booking Yes **Spaces** 110

Cost £3.50

The Incredible Journey – SS Great Britain 1843 to present day. A talk by Dr Matthew Tanner

The SS Great Britain was launched from the Great Western Dockyard in Bristol in 1843, the very same dock she now sits today. Her incredible journey is well documented in her many voyages and in various conversions, until her rescue from the Falkland Islands in 1970. She then returned to Bristol and the restoration began! What has happened over her long and adventurous life can justifiably be called an incredible journey.

Wed 9th August
7pm

"DATATAG STOPS THEFT"

The No.1 Theft Deterrent for your Outboard

All NEW & Improved

Electronic Security System for Outboard Motors

A lifetime's protection for just one low cost with NO monthly charges or fees. Suitable for all type of outboard motors.

Why fit Datatag?

Thousands of outboard motors are stolen each year, and thieves often cause serious damage to boats in the process. Exclusive to Suzuki, the Datatag electronic identification system is designed to act as both a deterrent against theft and as a powerful way to aid in the recovery in the event of a theft.

www.suzuki-marine.co.uk

What does it do?

Installation of the Datatag security technologies gives the Suzuki outboard motor a unique "fingerprint" that can be established, by the police or the insurance industry, in a number of different ways. The unique identity is virtually impossible to remove, however hard a criminal may try.
